Spend less time searching for candidates and more time interviewing and hiring qualified employees

Finding and hiring qualified employees is the lifeblood of your business. You also need to use your budgets and resources effectively. If you are spending more time finding candidates than interviewing and hiring them, you could miss an opportunity to grab that top-notch employee before your competitor—and you could be wasting time and money on redundant information.

What if you could quickly find the best resumes on the Internet in one search? What if you could get them into your Taleo Business Edition deployment with ease? What if you could identify which sources were giving you the best return?

Taleo and infoGIST have partnered to offer a powerful, end-to-end Internet recruiting solution that enables you to spend more time interviewing and hiring qualified employees—and less time searching through hundreds of resumes.

Get the Best Resumes on the Internet—Targeted to Your Talent Needs

infoGIST's solution, Platinum Recruiter, searches hundreds of the best online resume sources and retrieves resumes that meet your talent needs by relying on a robust set of search criteria. Platinum Recruiter highlights text using your key terms, and automatically extracts location and email address information. You can also set up agents to automatically find and organize resumes.

Integration to Taleo Business Edition lets you export any or all resumes in one step. Using the pre-integration of Platinum Recruiter with Taleo Business Edition, you can export your search result automatically. Taleo Business Edition also gives you the power of setting up custom reports so you can determine which sources are delivering the highest value for your investment.

Taleo Offering:

- **Online Career Sites.** Enhance your employment brand by establishing your online career sites linked with your organization's website.
- **Requisition Management.** Track and manage each of your job openings and keep teams in the loop with clearly defined ownership.
- **Job Posting/Smart Sourcing.** Post opportunities to your own career sites or expand your search to social networks and hundreds of free and paid job boards.
- **Workflow Automation.** Save time and money with electronic requisitions and approvals while generating personal emails for better candidate communication.

“With Platinum Recruiter, I now have a systemized approach to finding qualified candidates from Internet job boards. I reduced the time I spent searching from nearly one week to just a few hours. Now I can spend more time on follow-up interviews. With their search agents, smart retrieve, and detailed search, I am able to maximize my investment on my subscription sites—Monster.com and CareerBuilder. And their customer support is outstanding!”
